

GRO α Rabbit pAb (AR20078)

Key Features

Host Species:	Rabbit
Reactivity:	Human,Mouse,Rat
Applications:	IHC,IF,ELISA
Isotype:	IgG
MW:	11kD (Calculated)

Recommended Dilution Ratios

IHC:	1:100-1:300
IF:	1:50-200
ELISA:	1:10000

Storage

-15°C to -25°C/1 year (Do not lower than -25°C)

Basic Information

Clonality	Polyclonal
-----------	------------

Immunogen Information

Specificity	GRO α Polyclonal Antibody detects endogenous levels of GRO α protein.
-------------	---

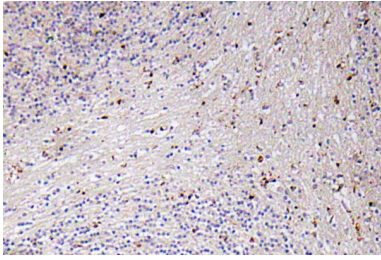

Target Information

Gene name	CXCL1
Protein Name	Growth-regulated alpha protein

Organism	Gene ID	UniProt ID
Human	2919	P09341
Mouse	14825	P12850
Rat	81503	P14095

Cellular Localization	Secreted.
Tissue specificity	Blood,Ovary,Peripheral blood monocyte,Placenta,Skin

Validation Data

Immunohistochemistry analysis of GRO α antibody in paraffin-embedded human brain tissue.
