

NAGK Rabbit pAb (AR20088)

Key Features

Host Species:	Rabbit
Reactivity:	Human,Mouse,Rat
Applications:	WB,ELISA
Isotype:	IgG
MW:	38kD (Calculated)

Recommended Dilution Ratios

WB:	1:1000-2000
ELISA:	1:5000-20000

Storage

-15°C to -25°C/1 year (Do not lower than -25°C)

Basic Information

Clonality	Polyclonal
-----------	------------

Immunogen Information

Specificity	This antibody detects endogenous levels of Human,Mouse,Rat NAGK
-------------	---

Target Information

Gene name	NAGK
Protein Name	NAGK

	Organism	Gene ID	UniProt ID
	Human	55577	Q9UJ70
	Mouse	56174	Q9QZ08
	Rat	297393	P81799

Tissue specificity	Ubiquitous.
